Pierce 'n' Peel

ALKOseal Combinations

foil	for induction heat sealing	Thickness
Reseal-part*		
Chromo-Cardboard	ALKOseal Chromo safe 12/20/20	0,8 or 1,0 mm
PE-Foam	ALKOseal EPE safe 12/20/20	1,0 – 1,8 mm
PP-Foam	ALKOseal EPP safe 12/20/20	1,0 mm

* To ensure an accurate separation between the substrate material and the membrane, the wads should be inserted in the closure to rotate freely under the retaining rim.
